With the aim to bring young developers from all around India to the beautiful hills of the Northern India and give them a platform to turn their ideas into reality, App Team NIT Hamirpur presents "Hack on Hills". We wish to take our college-level hackathon to the national scale, allowing a bigger exposure to the participants and a great place for them to learn and share. "Hack on Hills" is a 32 hours hackathon to be held from 24th March to 25th March. You, as a sponsor, will have an opportunity to meet 250+ talented students from all across the country. Further, you will also be able to promote yourself to these young minds and get their valuable feedbacks. Together, we can make "Hack on Hills" a stage for innovative ideas to turn into reality.
